GRAIN AND PROVISIONS.

Chicago. May 15.—There was general selling of wheat at the opening, and quotations showed losses of 1/40 kc to 1/20 kc. compared with, the previous close. The selling was inspired by the weather, seeding operations in the northwest and by bearish European advices. European markets were lower and an estimate on the world's shipments for the week placed the amount at more than ten million bushels, of which amount Russia was credited with nearly 4,000,000 bushels. The market rallied from the opening slump on buying by leading commission houses and for a time a firm tone prevailed. Sentiment became bearish again in the final hour on renewed selling by pit traders. July closed at 1.1301.131s, after ranging between 1.12% and 1.138s.

The corn market was subjected to general selling. The market closed weak at the bottom, 1/2c to 7/3c below yesterday's final figures. July sold between 681/2c and 683/4c and closed at the low point.
